

INCREASE CASHFLOW

Leverage the equity you have tied up in vehicles.

A leaseback is an option that can free up cash quickly to put back into your business and help drive you forward. At Enterprise Fleet Management, we are exploring every option to help our clients meet their business objectives.

HOW IT WORKS:

LEASEBACK

Enterprise will purchase your owned vehicle assets and finance them back to your business.

CASH FLOW

Infuse cash back into your business.

EFFICIENCY

Cash flow without interrupting existing business.

BENEFITS

FINANCIAL

Influx of cash immediately back into the business.

OPERATIONAL

Match the finance period to the useful life of the asset based on vehicle type, utilization and mileage patterns to increase operational output.

ADMINISTRATIVE

Outsource the administrative burden of the fleet to automotive experts.
